DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Response to Arguments

3. Applicant's arguments filed April 6, 2004 have been fully considered but they are not persuasive.
4. Applicants contend that Inoue et al., U.S. Patent 5,873,003, herein known as Inoue fails to disclose at least one of the vertical and horizontal charge coupled devices.
5. In response to Applicants contention that Inoue fails to teach at least one of the vertical and horizontal charge coupled devices, Applicants are directed to FIGS. 24 and 25 where the photoelectric converter may be of the CCD-type (column 16, lines 39-54).
6. Please note that Inoue further discloses that the sensor which is the CCD is electrical connected to a vertical and horizontal shift register (column 17, lines 33-49).

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

8. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
